# TERMS AND CONDITIONS

## GUARANTEE

All cattle in this sale are sold under the standard form of guarantee endorsed by the American Shorthorn Breeders' Association.

## HEALTH

All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws of the state into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian deputized by the State Veterinarian, who is cooperating with the Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of tubercular reaction, except that the purchaser shall agree to accept a substitute. Every animal in this sale has been tested for Bang's Disease within 30 days of the date of the sale. Health certificates will be provided with each lot sold.

## PEDIGREES

Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at the risk of loss or injury after being bid off.

## TERMS

The terms of this sale are cash unless arrangements are made in advance with the consignor from whom you purchase. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed. All stock will be at buyer's risk as soon as bid off but the management will assist in loading on cars or trucks in compliance with instructions from purchaser.

The guarantee and terms constitute a contract between the consignor and buyer of each lot. Neither the Polled Shorthorn Breeders' Ass'n., the clerk of this sale nor the individual designated as sale manager assume any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the consignors or written from information supplied by the consignors. We will not be responsible for any accidents that may occur but will make every effort to provide for the comfort and safety of our guests.

# STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase or by the time the bull is twenty months of age if purchased under fourteen months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves will be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

Lone Pine Jenny 3d x is a growthy heifer that is bred to the grand champion bull of the 1947 Ohio State Sale, Claralan Herdmaster by Maxwalton Grand Measure x. Study her pedigree and plan to buy this top one in the sale.

Janesway Royal Missie x, a typical representative of the Janesway Farms herd. She was the reserve champion female at the 1948 Ohio State Fair.

Collynie Control x by Collynie Renown x, was the champion Polled Shorthorn bull at the 1948 Ohio State Fair. He was shown by Carl Cross and A. G. Schubert.

Females of the calibre of the ones pictured above will be in abundance in this sale. Increase your quality as well as your income by buying foundation stock here.

Polled Shorthorns are growing in popularity year by year. This statement is substantiated by impressive statistics released recently by the American Shorthorn Breeders' Ass'n. Registrations in 1947 showed a 20% increase over 1946 and a 103% increase over 1940. Average prices received by breeders of Polled Shorthorns during 1947 was 23% higher than in 1946. More and more breeders are including Polled Shorthorns in their farming operations. The demand for quality cattle is stronger today than ever before. You too can help meet this demand by securing the right kind of seed stock for your foundation herds. Included in this excellent offering are fourteen exceptionally thick, deep-bodied, modern type herd bull prospects and thirty-nine beautiful females. You will notice throughout the catalog that the breed's most potent herd bulls are represented and that the consignors to this sale are leading breeders in the State of Ohio. The Buckeye State has long been known as a top source of Polled Shorthorns and it is well to remember that the influence of more International grand champion bulls is stronger in the Ohio herds than in any other State. The female offering consists of open and bred heifers of the most fashionable families. Plan now to attend this event to secure breed building foundation stock.

Pictured are four head by the famed sire, Lynnwood Nugget x, owned by Carl Cross. This same breeding may be secured at Columbus on November 9.
